Presidential Message

Dear colleagues and clinic owners:

I hope everyone is enjoying their summer.

The Board staff has taken this quieter time in the office to review and prepare the online renewal applications for permits and licenses to be ready to open on August 15. Just a little advice – don’t wait until the end of July or after to take hours or you might find there are fewer interesting Alabama approved seminars available. Please verify that any seminars you intend to use for your continuing education requirements are approved by the Alabama Board.

The staff has also been diligently working on preparations to begin digitizing all files in the Board Office. This will allow all files in the Board office to be stored digitally in case of any type of loss of the original paper documents. This has been a lengthy process as we are required to

REMINDER

You may check the continuing education hours the Board has on file for you by visiting our website www.chiro.alabama.gov. You will then click on “Online Services” then “Check Continuing Education Hours On File”, then follow the online instructions. If AFTER checking you have submitted hours not reflected please call Ashley at 800-949-5838 ext. 221 or email a copy of the attendance certificate to her at ashley.stewart@chiro.alabama.gov.

Please remember the renewal process is much easier if you have all documentation to the Board early.

The online Renewal Application will open August 15th.

Presidential Message Continued:

follow all security policies of the State’s Office of Information Technology. We are working closely with OIT to ensure all information will be stored safely and that the data will be easily retrieved.

The current makeup of the Board is a good mix of old experienced, and new rookie members. This helps to bring different perspectives to the table and helps the Board to work smoothly.

Drs. Lowman and Wells presented the Alabama Law seminar at the Alabama State Chiropractic Association in June. This seminar received several positive comments. The Board continues to attempt to make this seminar more interesting and all suggestions are taken into consideration while still complying with the requirements of the law.

Please be sure to have all documentation required for your renewal into the Board office before the deadlines. You may check your hours on file with the Board at any time on the website. There is also a seminar search if you are still looking for approved seminars for renewal. The online system is designed to allow you to renew your license only if all documentation has been received. Don’t forget to have your renewal completed by September 30th to avoid any penalties.

Enjoy the rest of your summer!

Greg Kuhlmann, DC

Condolences

Dr. Dwight B. Lewis — Dr. Lewis studied Chiropractic at Bebout Chiropractic College and received his Alabama license in 1960. He practiced in Geneva, AL.

Dr. Phillip L. Shouppe — Dr. Shouppe studied Chiropractic at Life Chiropractic College and received his Alabama license in 1985. He practiced in Mobile, AL.

The Board and staff send condolences to the family and friends of Drs. Lewis & Shouppe.
