Presidential Message Continued:

legislation to address an issue that was discovered during the audit. The Board has introduced legislation to give us the authority to charge administrative fees to cover seminar approvals, license verifications, as well as other administrative issues that may come up in the future. This is being done to recover the cost of these processes with the third parties (vendors) in an effort to try and keep our license renewal fee at its current level.

The Board continues to address issues regarding the current state of COVID 19 and will make changes as deemed necessary. Thank you for your understanding during this unique time.

Sincerely,
Brian Wells, DC
President ASBCE
