## IN APPRECIATION

I just want to thank you again for doing such an amazing job! I would like to say how much your personalized attention to my case meant to me. I am not sure who Angie and Amy are, but if they control wages, Ms. Kerry deserves a grand raise. I have called and bothered this woman over and over again. She has never been cross. She has given me every bit of help AND encouragement that anyone (especially someone whom she has never met) could ever ask for. Since the Thanksgiving weekend is over I write this letter entreating the governing body to NOT incorporate this board.

I am not sure I could have gotten my license as efficiently as I have without Kerry's assistance. She guided me through the entire process. She did this without ever getting frustrated with my nearly unending calls. She is a treasure! I wish that the state board of Minnesota, where I am from, had a representative half as good as Ms. Kerry. I cannot think of a better representative of Alabama than her.
